WELCOME

JOSÉ MIGUEL
RODRÍGUEZ FRAGA

Adeje is beginning its annual fiestas in honour of our patrons, Our Lady of the Incarnation, St. Úrsula, and St. Sebastián, with the renewed hope of a people who are delighted to reaffirm their commitment.

Not just a symbol of the faith of our people, the Virgin of the Incarnation has also become someone who symbolises our unity as a society, a community that reflects unanimity, where 121 different nationalities live side by side, with pride, with respect, with mutual respect for each other.

This excellent level of conviviality is also translated into a united strength, that each and every one of us uses to ensure that our town, our collective peoples consolidate their values and can reinforce this cohesive network that binds our local society and which gives us the lift we need to be more innovative, to dream of new projects, and to have the strength to bring them to fruition.

Our town of Adeje has been transformed at a dizzying pace in recent years, growing, evolving, advancing. At a personal level I have been very pleased to be part of that growth, to have taken that path to advancement alongside the residents of our borough, with the local business network, those who grew up in Adeje and those who have chosen to make it their home. I look around me and see a dedicated body of workers, entrepreneurs, people who are training and continue to learn, who have made possible this transformation, that of a small town into a 5 star tourist destination, modern, one that is truly of the 21 st Century.

As in previous years, we will reaffirm our commitment to Our Lady of the Incarnation and our veneration of our patrons, St. Úrsula, and St. Sebastián, we will celebrate, and meet up with each other once again. With the protection of our patrons and the strength and commitment of all the people of Adeje, we will work together to overcome the challenges we face in the world of today.

¡Felices Fiestas!

WELCOME

THE PARISH PRIEST

Dear people of Adeje

In one of his sermons, Saint Bernard of Clairvaux reminds us to think always of Mary, the mother of God. “In dangers, in doubts, in difficulties, think of Mary, call upon Mary. Let not her name depart from your lips, never suffer it to leave your heart. And that you may obtain the assistance of her prayer, neglect not to walk in her footsteps.” With this in mind, my brothers and sisters of Adeje, our Lady of the Incarnation, as we refer to her here, is always in our thoughts, and we give thanks for God for this wonderful gift that we were granted through Our Lady, his son Jesus Christ.

Our Lady of the Incarnation represents, for our borough, a central point for our unity, cohesion, stability, and as the psalm says, helps prosper the work of our hands and helps us in the many diverse tasks that all of us who live in this borough undertake, including those who welcome visitors from elsewhere and maybe of other faiths. In today’s world where there is an absence of cohesion and togetherness, we are very lucky to have the gifts of peace and security granted to us by Mary.

We must not reject this gift, the grace that is bestowed upon our community, and are privileged to be able to wrap ourselves in this valuable protection. As we say, “We shelter under your protection, Holy Mother of God: despise not our petitions”.

¡Felices Fiestas!
